

CEPHaS Survey

Strengthening Capacity in Environmental Physics, Hydrogeology and Statistics for Conservation Agricultural Research (CEPHaS) project: Participant Survey

About the survey:

This is an online survey administered to participants of the 'Strengthening Capacity Physics, Hydrogeology and Statistics for Conservation Agricultural Research (CEPHaS)' project. This survey will assess your utilisation of CEPHaS supplied training and resources, as well as your experiences, perceptions and practices following your involvement with the CEPHaS project. This survey should take between 10-15 minutes to complete. Participation is both anonymous and voluntary, although we would appreciate you taking the time to complete the survey as the information will help us assess the success of the CEPHaS project and to improve future versions of similar programmes.
